Reflection Corner

This week we have been considering what life is like in Britain today for a Christian. We have discovered that a sense of belonging, forgiveness and being loved are important values.

"37 Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. 38 This is the first and great commandment. 39 And the second is like unto it, Thou shalt love thy neighbour as thyself."

Our attendance this week is: **90.2%**

The National Average is: **95.5%**

One of the books we have enjoyed this week is, 'The Jar of Happiness' by Ailsa Burrows.

After some lovely discussions, our jars are now flooded with beautiful drawings, showcasing all the things which make our littlest Acorns happy. Spaghetti, flowers, chocolate, family and rainbow biscuits were just a few.

Acorn Class

We have had another busy week in Acorn class. We have been learning about emotions. We played a game where we acted out a variety of emotions, giving opportunities for discussion around what physical feelings we have and what actions might we do whilst experiencing them.

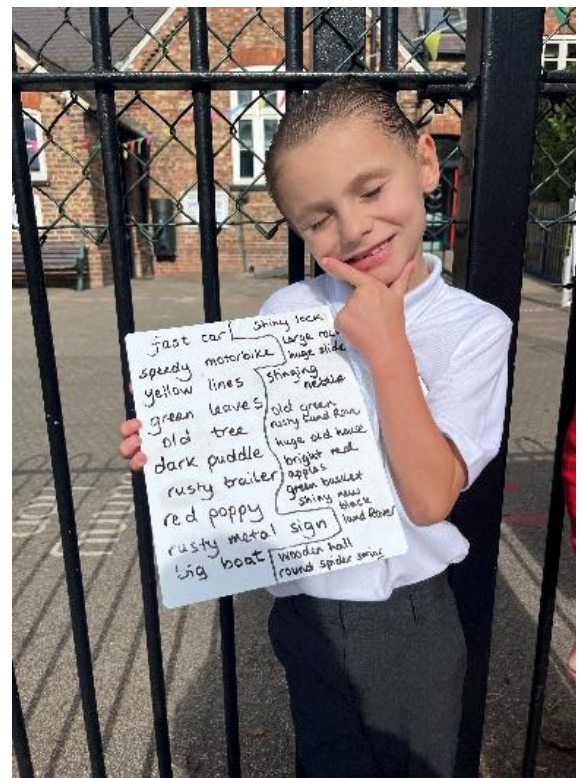

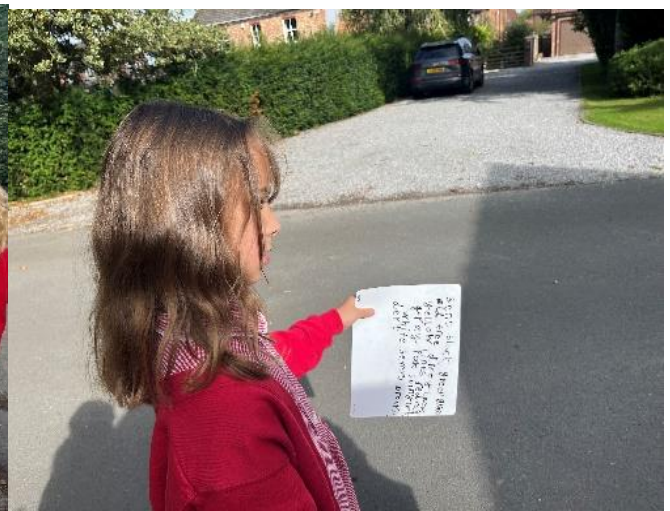

We were all very good at acting out happy!

Year 2/3

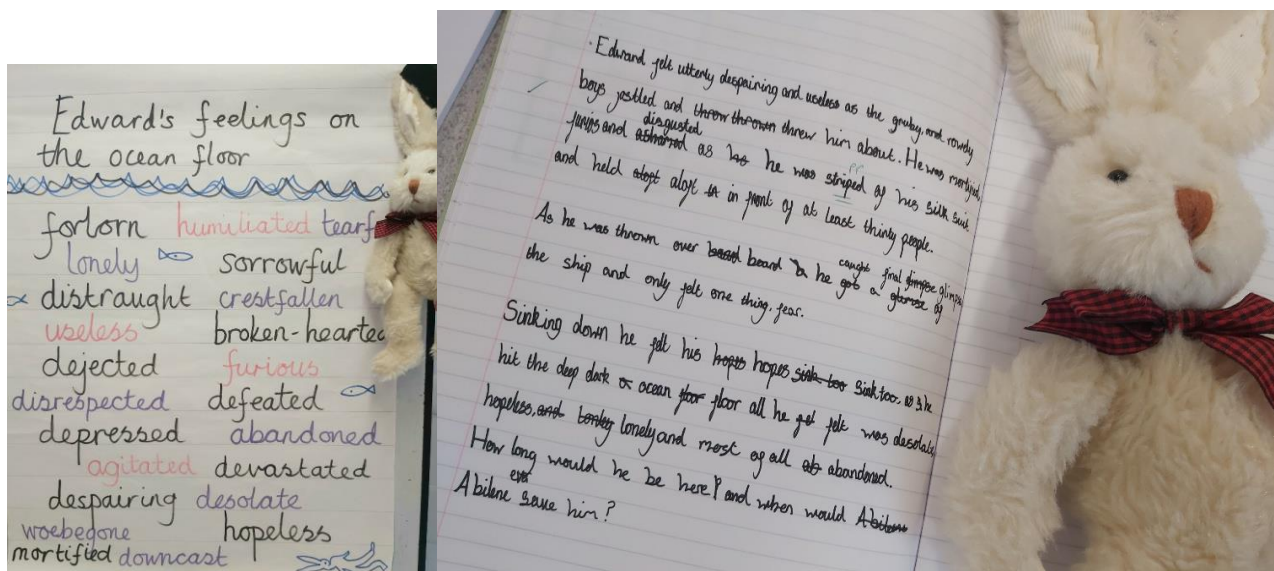

We have been enjoying the sunshine this week in Willow Class whilst learning about nouns and adjectives and expanded noun phrases. On Wednesday, we walked through the village on a noun and adjective hunt: we found muddy puddles, fluffy clouds, damp leaves, a speedy motorbike, a bumpy slide and lots more! This will all be put into practice next week when we write our amazing setting descriptions about our book 'Rainstorm'.

Year 4/5/6

Y56 have had another super busy week delving deeper into the life and (very troubled) times of Edward Tulane! Unfortunately, he has been thrown overboard, whilst travelling across the Atlantic on the Queen Mary ship, and is currently stranded on the sea bed feeling utterly hopeless! We gathered amazing language to describe his feelings and have written about the emotions that we imagine he is experiencing. In Maths we have been rounding to 10, 100, 1000 and beyond as well as comparing and ordering numbers up to a million! During the afternoons, Y3456 have loved studying the Ancient Egyptian Pharaohs (ask them who Narmer was!); the meaning (and uses) of friction in Science; and all of the things in life that make us super HAPPY! They ranged from eating roast potatoes to having our hamster wink at us?! We are, indeed, a very happy bunch!
