

Your child's reading journey

Reception

Welcome to the beginning of the most wonderful journey in which your child, whatever their starting point, will become a fluent, confident reader who loves books!

For many children at the start of Reception, letters look like squiggles on the page and have no connection to sounds. Learning that letters and sounds are linked – phonics – is the key to reading.

In Reception this term, we will teach children the sounds of the first set of letters in the *Little Wandle Letters and Sounds Revised* programme (Phase 2) – so they can begin to use phonics to read. See the attached programme progression document that we teach term-by-term.

All for the love of reading

Reading enables children to function successfully in our increasingly text-filled world. But research also tells us that:

- Reading develops children's vocabulary, understanding of the world and empathy.
- A love of reading is the biggest indicator of future academic success!

Little Wandle Letters and Sounds Revised teaches children to read *and* to love reading.

What will my child be taught in school this term?

- This term, your child will be taught phonics for 10–15 minutes every day.
- They will learn to say and read all the single letter sounds (for example, s and m) and some consonant digraphs. A digraph is where two letters make one sound (for example qu and sh).
- We will work really hard to teach your child to blend sounds together to read words.
- They will start reading wordless books and, when they can blend sounds into words, will read Phase 2 books.
- We will provide your child with daily additional practice if they need it.

How can I read a wordless book?!

- Wordless books are invaluable as they teach reading behaviours and early reading skills to children who are not yet blending.
- Talk to your child about what they can see in the pictures.
- Point to the images in the circles and find them on the page.
- Encourage your child to make links from the book to their own experiences.

What about words that can't be read easily with phonics?

- Some common words are unusual and do not make sense with phonics until much later in your child's reading journey, for example, 'was' and 'the'.
- We call these words 'tricky words' and we teach these words differently. We help children to identify the bit that does make sense and the part that is tricky.
- The 'Phase 2 tricky words' document provides more information. You will find this in the 'For parents' area of the Little Wandle website.

What can I do to support my child at home?

- Ask them what sounds they have learned each day and point out objects in the environment or in books that start with that sound.
- Read to your child daily – choose books that you can enjoy together. The love of reading books we send home are a great place to start!
- Listen to them practise reading their phonics book to develop their fluency.
- Ask your child's teacher if you need extra help with supporting your child.

How to support your child!

Here are some quick activities and links to give you the confidence to support your child with phonics.

1. Match the words to the definitions

- | | |
|-------------|--|
| 1. phoneme | a. putting sounds together to read a word |
| 2. grapheme | b. another word for a sound |
| 3. blend | c. another word for a letter or group of letters |

2. Watch the videos for parents

Go to the 'For parents' area of the Little Wandle website (see link, right) and watch the following videos:

- Phase 2 sounds taught in Reception Autumn 1
- Phase 2 sounds taught in Reception Autumn 2
- How we teach blending
- Books coming home

3. Help your child to develop a love of reading

Try to do one or more of the following with your child this term:

- Visit your local library.
- Find a book to buy in your local charity shop.
- Learn a nursery rhyme together.
- Make a special time every day for sharing books.
